

Tumbling Triangles

6 hour class taught by:
Debbie Kalenty
Studio 180 Design Certified Instructor.

This is a fun and easy project (for confident beginners and above). Using just two fabrics, and one tool, you will make 'V-Block' units. Then assemble these units into this abstract/modern wall hanging!

We will be making the 40 x 40-inch wall hanging in class.
(While I prefer for everyone in the class to work on the same size project, if this size does not suit your needs, please email me for information regarding other size projects).

Supply List for 40 x 40 inch wall hanging:

Fabric:

Light: 1-5/8 yards

Dark: 2 yards

Please be sure there is good contrast between your fabrics (NO medium values please). **Bigger / bolder fabrics with lots of color and 'movement' work best.**

Basic quilting supplies:

Pins, marking pencil, 5 x 23 inch ruler (or similar for cutting strips); rotary cutter, cutting mat, thread, etc.

Tools: (will be available for purchase before class):

Required: Studio 180 Designs V-Block tool and Tumbling Triangles pattern (each person MUST have pattern / no copies or sharing allowed for copyright reasons).
